DAIHATSU TYPE EJ ENGINE

FOREWORD

Recently, a newly-developed EJ-VE engine has been added to the EJ engine.

As a result of the addition of EJ-VE engine, the current EJ-DE engine has been partly modified. Therefore, we have here published the revision 3, in which the sections that have been changed are posted on the following pages.

As for sections and items that will not appear in this revision 3, please refer to the following service manuals given below.

Publication Name	Publication Code	Issuance Date
EJ Engine Service Manual	9722	April 1998
EJ Engine Service Manual Revision 1	9726	October 1998
EJ Engine Service Manual Revision 2	9733	April 1999

The EJ-VE engine is available only in the areas where the type certification is given according to the EC exhaust emission approval procedure. In other areas, the EJ-DE engine will be continually furnished.
