

SERVICE MANUAL

FOREWORD

This service manual describes the newly-developed Model M200 series.

The entire portion, which is Chassis section for the Model M200 series, is divided into 19 sections in this manual.

Each section has an index along with a table of contents in the beginning.

For the check and repair procedures of the engine, refer to the service manual for the relevant engine type (Type K3 Engine manual and Type EJ Engine manual).

All information used in this service manual was in effect at the time when the manual was printed. However, the specifications and procedures may be revised owing to continuing improvements in the design without advance notice and without incurring any obligation to us.
